

INTERNATIONAL EMERGENCY SIGNALS

A Red Flare

A Red Square of Cloth

A Fire

The letters "S.O.S."

6 Whistle Blasts over 1 minute

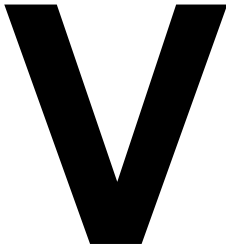

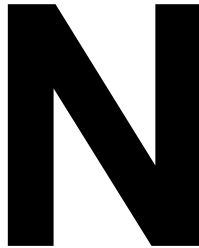

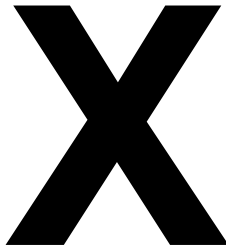

**6 Torch Flashes over 1 minute - The response to 6 whistles,
flashes etc. is 3 whistles, flashes over 1 minute**

Never wave at a helicopter, unless you need help, you could be
mistaken as been in trouble.

If you are awaiting help in the twilight or at night, never directly shine
a torch at a helicopter, you will probably temporarily blind the pilot
as most wear night vision tools.

INTERNATIONAL GROUND TO AIR ALARM SIGNALS

The below signals can be made from anything available
(Clothing, Stones, People) laid on the ground.

	<p>REQUIRE ASSISTANCE</p>		<p>NO OR NEGATIVE</p>
	<p>REQUIRE MEDICAL ASSISTANCE</p>		<p>YES OR AFFIRMATIVE</p>
